Rules

You may use all game system rules included in the “The Dark Eye – Rules Wiki,” published by Ulisses Spiele. The use of text or art from other official publications of any kind, except as outlined in this license, is strictly prohibited.

You have permission to use the terms The Dark Eye, Aventuria, Dere, Myranor, Riesland, Tharun, and Uthuria in your publication. Furthermore, you have permission to use the rules of any other open license system (such as FATE, Open D6, and others, for example), or to convert systems of your own design, if doing so does not violate the guidelines of the license of your target system(s).

Settings

You may create content for Dere, the setting of The Dark Eye, including the continents of Aventuria, Myranor, Riesland, Tharun, and Uthuria. Furthermore, you may create alternative worlds or history and content, including content that describes past or future events.

Permitted Media

This Community Content Agreement license grants you permission to create role-playing supplements, game world expansions, adventures, literature, reference cards, maps, and illustrations for The Dark Eye, only for publication on the SCRIPTORIUM AVENTURIS. This license specifically prohibits the making of video and audio productions, as well as digital games.

Illustrations

You may not use illustrations or graphical design elements from Ulisses Spiele’s publications, except for those illustrations and graphical design elements included in the SCRIPTORIUM AVENTURIS Illustrations Packs. You may use illustrations and graphical design elements from Public Domain or the DriveThruRPG stock art collection. You may also use original illustrations that you commission or create yourself. In any case, you must have permission to use the respective illustrations and graphical design elements.

Logos and Trade Dressing

The full-size SCRIPTORIUM AVENTURIS logo must appear on the cover of your publication and must be legible. It may not be the primary logo or the primary title artwork on your cover page. You may not use any other logos or trade dressing from Ulisses Spiele’s publications, except for the content provided in Ulisses Spiele’s SCRIPTORIUM AVENTURIS Illustration Packs.

Style Guidelines

We recommend that you use the SCRIPTORIUM AVENTURIS Template when creating your publication(s). However, you are not required to do so.
