## ASCENSION NOTES

Born a noble, it thrills Yymalla to interact and blend in with the baser members of society. In her early days as an Acolyte, she spent time in Gilead's underhive, where she learned about the criminal side of life in the Imperium. She infiltrated a band of xenotech smugglers, earning her the admiration of her Inquisitor. However, she ended up scarring her soul with corruption in the process.

## BACKGROUND

### LADY YYRMALLA ALERETTA, INTERROGATOR OF THE ORDO XENOS

*'Heresy breeds where the light of the Emperor grows dark, and there are few darker places than the Imperium Nihilus.'*

Acolytes of the Inquisition are culled from any planet or background based on the skills needed to fight heresy, xenos, and the ruinous powers of chaos. The Inquisition exists outside the typical power structure of the Imperium, answering only to the Emperor himself. The Inquisition is divided into numerous Ordos which specialize in specific threats to the Imperium. Yyrmalla's Inquisitor leans towards the Radical end of the spectrum, more interested in success than the methods used to achieve it. Though she is not a mighty warrior, her true power resides in her Inquisitional connections and authority, plus the secret knowledges and sophisticated equipment she possesses.

Yyrmalla Aleretta is an Ordos Xenos Interrogator, focused on uncovering and destroying alien intrusions upon humanity. She specializes in understanding the Aeldari, more often known as the Eldar. She was tested through the crucible over the last few years infiltrating and destroying a xenos tech smuggling ring for the Inquisition. Yyrmalla relies on her ability to understand people and their needs in order to extract information before applying force to the situation, the Inquisition respects her discretion and subtlety when the situation warrants it.

#### ALLIANCES WITH OTHER PLAYER CHARACTERS

**Sergeant Gael Harden, (Imperial Guardsman):** Yyrmalla interrogated the Sergeant after a recent run in with a deranged psykers and suggested her as a member of this warband. Reviewing the Sergeant's service record showed she has performed with distinction for years, somehow managing to stay alive despite desperate circumstances.

**Pator Nemoris (Ministorum Priest):** He is a priest of the God-Emperor, and it is worthwhile to keep positive relations with them. Some will seek to suppress knowledge that does not agree with their dogma. As long as you get the information first, nothing is lost.
